Re: Ex Parte Notice
WT Docket No. 05-265

Dear Ms Dortch:

On October 22, 2010, Thomas Sugrue, Kathleen Ham and Josh Roland of T-Mobile USA, Inc. ("T-Mobile") and the undersigned met with Ruth Milkman, James Schlichting, Paul Murray, John Leibovitz, Tom Peters, and Patrick deGraba of the Wireless Telecommunications Bureau regarding the above-captioned proceeding. T-Mobile's presentation is summarized in the attached slide deck, which we provided to the Commission participants in the meeting. We also explained that, contrary to the arguments raised by opponents of an automatic data roaming requirement, the adoption of such a requirement will promote buildout in smaller markets by enabling carriers like T-Mobile to provide service in adjacent more sparsely populated areas where buildout is not economical.

Pursuant to section 1.1206(b) of the Commission's rules, an electronic copy of this letter and attachment is being filed electronically with the Office of the Secretary for inclusion in the above-referenced dockets and served electronically on the Commission participants in the meeting.

Please direct any questions regarding this filing to the undersigned.

Sincerely,

Howard J. Symons
